Dear Sirs / Madam

I am writing to outline my excellent academic background and the skills, knowledge and experience I have gained as a result. I believe that these will make me the ideal candidate for developer.

I graduated in Information Technology of Saigon University. My graduate classification is good. In my school, I have a lot of project for 4 years, so I can write program in many languages such as: C#, C++, Java, PHP... My projects always get good mark. I have experience working with relational database systems such as MSSQL, Oracle.

Beside projects in school I have 3 projects in company and an application write by myself as I note from my CV. I think I can design, develop, optimize and test software using .NET technology in easily.

I am now looking to secure a challenging and rewarding role and I believe that these skills, together with my knowledge and expertise, would make me an asset within your organization; please do not hesitate to call me on 091.673.1525 so we can discuss in greater depth.

Yours faithfully,

Phan Hoang Nhan
